General Description.

This Township is Prairie Land with the exception of a Small Lot of Timber in the South East Corner of the Township in sections 35 and 36. There are some fine springs of fresh water in this Township and among their number is the spring known to all the Santa Fe Traders and Trains as the Cold spring. It is situated in Section 16 near the Centre of the section, the spring affords fine fresh water. The Land in this Township is rolling and of the 2nd rate of soil there is some little limestone rock in this Township.
